

## OH&S High Risk / Civil / Mining / Construction Trainers & Assessors

Full / Part Time Multiple Positions

OHSA Occupational Health Services Australia has developed into a multi-awarded OH&S Consulting & Training organization for numerous industries including mining, energy, gas, transport, engineering, health and civil construction sectors. Due to ongoing significant growth of the business we need to create a number of flexible part and full time positions to support the current team. We are looking for people who love training, who do a great job and most importantly whose students and clients think you do a great job.

We are looking for people that can perform a range of training / assessing and consulting services which might include mining and construction inductions , work @ heights, confined spaces, construction and mining civil and mining competencies, fork truck, EWP, dogging, rigging, scaffolding, cranes, earthmoving competencies for both mining and construction.

### A suitable candidate will preferably hold a number of the following skills/attributes:

- Minimum 2 years experience as a trainer / assessor in mining / construction / OH&S
- Good relationships with industry and relevant bodies and statutory authorities whom we are associated
- Detailed working knowledge of AQTF and the VET system
- Previous experience in managing and mentoring learners / trainers / assessors
- TAA40104 / TAE / Certificate IV in Training and Assessment
- Sound understanding of national competencies and assessment instruments
- Demonstrated experience in developing learning and assessment resources
- Demonstrated experience in establishing and building strong relationships with clients
- Flexible mindset, with the ability to create training solutions for customers
- Sound financial and time management skills
- Willingness to learn
- Exceptional communication and interpersonal skills
- A sense of humor and a 'can do' attitude and is passionate about their job
- Understanding of industry and government funding sources
- Minimum 5 years work experience in either mining / construction / OH&S
- Ability to conduct training in mining, construction &/or oh&s
- Safety Officer or Cert IV OH&S minimum
- Generic Mining Induction
- Mining Supervisor (S123 / G2)
- First Aid
- Work @ Heights
- Confined Spaces
- Certificates in Mining / Construction
- A desire to live in South East Queensland (Gold Coast/Brisbane/Sunshine Coast)

### OHSA offers:

- competitive remuneration including incentives
- a great team environment
- professional development
- flexible work hours and rosters
- travel opportunities

If you are interested please submit a covering letter outlining why you believe you are suitable for this role together with your resume
