

COURSE IN WORKING IN A CONFINED SPACE – CS

Duration	2 days
Time	7.30am - 4.00pm
Course Code	CS

What job could training lead to?

Successful completion of this qualification, will assist the participant to gain active employment to perform those activities in accordance with AS2865 Safe Working in a Confined Space

Am I eligible?

Level entry Year 10 education

What will I receive?

Participants who demonstrate competency by passing both the theory and practical assessments will receive a Statement of Attainment for the units completed or a Statement of Attainment for each of the units as partial completion of MSA20107 Certificate II in Process Manufacturing

Can I go on to further training?

Depending on your desired outcomes, OHSA offers a wide range of training pathways that may suit you.

Literacy, Numeracy and Assessment

Participants should have sufficient literacy and numeracy to read and comprehend instructions for safety at the workplace. Participants will need sufficient physical ability to attend a two-day classroom and practical scenario based course, which may involve crawling and climbing up, on, under and through structures, lifting and carrying breathing apparatus/cylinders, donning harnesses, dragging, lifting or carrying people in confined and restricted environments in low light or smoke filled areas. If you believe you need assistance to complete these tasks, it is suggested that you speak to our staff who will arrange an interview for you with one of our Learning Support Teaching staff prior to commencing your study program.

What else might I find useful?

Financial assistance with fees may be available through a Paysmart payment plan. This information can be found at: www.ohsa.com.au. To ensure a place in this course an enrolment form must be completed and full payment received. Enrolments can be made over the phone with a credit card, in person or via mail.
