

Conduct Safety & Health Investigations - RIIOHS301A (formerly S2 of the S1,S2,S3)

Duration	Nominally 8 hours
Time	24/7
Course Code	RIIOHS301A

What job could training lead to?

Upon completion of this course, participants will be able to conduct accident investigation practices relevant to their organisation.

Am I eligible?

There are no entry requirements.

What will I receive?

On successful completion learners will receive a 'Statement' for competencies completed.

Can I go on to further training?

Depending on your desired outcomes, OHSA Mining Services offers a wide range of training pathways that may suit you.

Literacy, Numeracy and Assessment

Sound literacy and numeracy skills are required to undertake components of this course as well as to read and comprehend information from notes, standards and legislative material. Assessments consist of on-line quiz (multiple questions) and written questions. If you believe you may need assistance to complete these tasks, it is suggested that you speak to one of our staff who will arrange an interview for you with a member of our 'Learning Support Teaching' staff prior to commencing your study program.

What else might I find useful?

Financial assistance with fees may be available through Paysmart payment plan. This information can be found at: www.ohsa.com.au. To ensure a place in this course an enrolment form must be completed and full payment received. Enrolments can be made over the phone with a credit card, in person or via mail. Fees may be paid by credit card, cash, EFTPOS or money order.

Materials / Other Requirements:

Computer, printer, broadband connection. Information about student support, recognition of prior learning, financial assistance, study and library assistance can be found in our Student Handbook.
